

# ZyXEL

## Hassle-free Deployment with ZyXEL-Exclusive Self Installation Kit Powered by MAP

ZyXEL MAP, the Multimedia Auto Provisioner, features the ZyXEL-exclusive user interface with animated visual guides to provide a friendly front-end for ZyXEL Router/CPE devices. Combining Installation Tutorial (multimedia-based instruction) and Configuration Genie (automated installation program), ZyXEL MAP makes installation and configuration of ZyXEL devices easy even for non-technical users.

### Benefits

#### Automatic Installation and Configuration of ZyXEL Device

With the program on ZyXEL MAP CD activated, the multimedia tool assists users to configure device connection, as well as Internet and wireless network settings. This feature will save considerable technical support efforts and costs for service providers.

#### Comprehensive Multimedia Help Tool

Through its interactive multimedia interface, ZyXEL MAP offers comprehensive video and audio instructions; even non-technical users can just follow the step-by-step instructions to easily install and configure ZyXEL products with simple mouse clicks.

#### User-Friendly Interface

The user can make changes to the presentation and displaying pace of Installation Tutorial using animation/slide or play/pause/stop controls on the navigation tool bar. The user-friendly interface of Configuration Genie enables users to easily monitor the auto-configuration status, and follow the on-screen instructions or pop-up windows to proceed.

#### Completely Customizable and Localizable

ZyXEL Multimedia Auto Provisioner is so flexible that all the interface text strings, graphics and sequences can be tailor-made to meet customer requirements. This flexibility also helps building the unique brand image and workflow for individual customers while reducing localization cost.

SOFTWARE

## What is MAP (Multimedia Auto Provisioner) ?

MAP guides you with 5 simple steps:

### Installation Tutorial

This is a multimedia guidance program. With its comprehensive video and audio instructions, you can easily check the product package for installation and understand how to connect the device to DSL, LAN and power cables with the following steps.

- ▶ Check the product package for installation requirements
- ▶ Identify the interfaces of the device
- ▶ Understand the definition of LED
- ▶ Install the WAN, LAN, WLAN, and power

### Configuration Genie

This is an auto-configuration tool. With the user-friendly interface, the Configuration Genie can quickly configure your device for Internet and wireless LAN access with the following steps for your surfing enjoyment:

- ▶ Detect connections to the device
- ▶ Detect Internet settings of the device
- ▶ Configure the device for Internet access
- ▶ Connect to the Internet
- ▶ Configure wireless connection

### Supported Models

- ▶ P-334WT
- ▶ P-660H/HW
- ▶ P-661H/HW
- ▶ P-662H/HW
- ▶ P-660R
- ▶ P-660RU

## Specifications

### OS Requirement

- ▶ Microsoft Windows 98 (SE), ME, 2000, and XP

### Hardware Requirements

- ▶ CD-ROM drive: 8x speed or faster
- ▶ Mouse or compatible pointing device
- ▶ Audio card and speakers
- ▶ Video card and monitor
