Mathematical Physics Electronic Journal

Index for Volume 7, 2001

D. Mayer, J. Neunhäuserer	An isomorphism between polynomial eigenfunctions of the transfer operator and the Eichler cohomology for modular groups No. 1, 18 pp.
M. Abadi	Exponential approximation for hitting times in mixing processes No. 2, 19 pp.
G. Benettin, L. Rondoni	A new model for the transport of particles in a thermostatted system No. 3, 22 pp.
F. Besnard	Number Operator Algebras No. 4, 59 pp.
